Description: Designed for comfort and safety, the Clubman 32 reaches over 50 knots thanks to an engine of up to 800 hp. The new hull, deeper and wider, improves stability and increases internal space. The side windows guarantee greater brightness, while the four combinations of colors and materials allow for high customization.

Standard equipment: The cabin below deck is available in two configurations (with separate bathroom or open plan with integrated toilet) and four finishes: Classic, Vogue, Trendy and Diamond. The bow and stern sundecks offer generous and easily adjustable relaxation areas. The wide and well-organized driving console allows for the installation of two 10" displays and numerous instruments. The guide box integrates 62 L refrigerator, sink and cutting board, creating a practical kitchen corner. The trim is completed by the Rollbar or T-Top awning with optional closures and the comfortable aft locker for ropes or accessories.
