Year: 2025 - Condition: new

• DESCRIPTION:

The Tender Serena is a new boat that combines the elegance of the Italian nautical tradition with modern and sustainable solutions. Designed to offer an environmentally friendly sailing experience, it is equipped with a hybrid engine that guarantees low consumption and quiet propulsion, ideal for quiet navigation on lakes, rivers, lagoons and especially low environmental impact.

A distinctive element of the Tender Serena is the position of the engine, hidden under the stern sundeck. This not only optimizes the space on board, but also helps to reduce noise and vibrations, improving comfort during navigation.

At the bow, the boat offers a large sundeck, perfect to relax and enjoy the view in total tranquility. The outdoor spaces are designed to maximize guests' comfort, while the interior, while maintaining the sobriety typical of the gozzo, offers modern features to meet the needs of contemporary yachtsmen.

The Tender Serena is an ideal choice for those looking for a boat that combines tradition, innovation and respect for the environment while offering a relaxing and quiet sailing experience

• PACKAGE WITH ENGINE:

- Motor installed Hidea, furi board "hidden" under the aft compartment
- Thermal engine of 9.9 CV: Suitable for low speed navigation and to recharge the batteries during navigation.
- 30 HP electric motor: It offers high performance and reduces the environmental impact during navigation.

**prices excluding VAT - List 09-2024 - The list is illustrative, does not constitute a contractual document, the yard reserves the right to make changes at any time.*
